EDUCATION

University Of Bina Nusantara

Sep 2022 - Present

Major of Computer Science

- Current Cum. GPA: 3.47

Sekolah Dian Harapan

2019 - 2022

Natural Sciences

WORK EXPERIENCES

Associate Member Data Engineer, IT Division Bina Nusantara

Mar 2024 - Present

- Migrated data to main database until UAT stage that was originally using SSIS to Delman DDL.
 - Efficiently handled user requests by solving tickets, ensuring prompt and effective resolution of issues.
 - Translated queries correctly across SQL languages such as SQL to PostgreSQL for Delman DDL usage.
 - Routinely checked and rerun pipeline jobs that contained node errors in Delman DDL.
-

PROJECTS

Netflix Database Project - IT Division Advanced Bootcamp

December 2023

- Developed a comprehensive Netflix Database Project involving data extraction with SSIS and business problem-solving using Tableau.
- Tableau Link:
